

REGION

The new table system from Tangent brings harmonious fusion of materials to a collaborative workspace. Oak legs combined with a steel under structure, enhance the unique feel of homeliness without compromising sturdiness. Region offers a complete cable managed system with integrated horizontal cable trays disguising power units whilst table tops can also accommodate wireless devices for easy mobile phone charging.

Region is available with MFC, Perfect Sense or Nano Technology work surfaces. The next generation Nano Technology surfaces are pleasant to touch, extremely opaque with low light reflectivity and anti-fingerprint - with the ability to thermally heal superficial micro-scratches*

Code	Description	Price
OFCP-B	Black	£206
OFCP-BA	Black & Aluminium	£249
OFCP-W	White	£206
OFCP-WA	White & Aluminium	£249

Chargepoint is designed to change your way of charging mobile devices. Simply place the compatible device to be charged over the induction charger to recharge any device drawing up to 5 amps. Fits into any existing 80mm circular cable port hole, on new furniture simply tell us where you would like the device! For devices that do not have Qi wireless charging built in there are many products on the market to enable this function (cases & dongles). Many new generation devices will have this functionality built in. No more chargers to carry around, perfect for hotspots and touch down work areas.

* - B=Black G=Graphite W=White
