**HSI**

A stylish and innovative  
blend of organic and  
industrial design.

Region table range is ideal for agile workspaces,  
meetings or any sit and connect scenario.

**Region brings  
harmonious fusion  
of materials to a  
collaborative workspace**

Oak legs combined with a steel under structure, enhance the unique feel of informality and homeliness, without compromising sturdiness.

## Next generation worktops

Region is available with premium quality, Nano Technology work-surfaces and our standard and executive finishes; in 25mm thickness with matching edge detail.

The next generation Nano Technology surfaces are pleasant to touch, extremely opaque with low light reflectivity, anti-fingerprint - with the ability to thermally heal superficial micro-scratches.

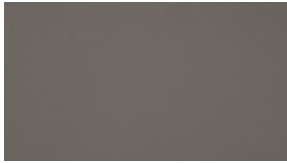

The next generation Nano Technology surfaces feature:

- Low light reflectivity, extremely matt surface
- Thermal healing of superficial microscratches
- Anti-fingerprint
- Soft touch
- Resistance to scratches and abrasion
- Resistance to dry heat
- High resistance to acid solvents and household reagents
- Enhanced anti-bacterial properties

## A flexible system supporting future expansion

Region can be specified in double and single configurations.

The sturdy steel under structure, supported by intermediate legs, allows for multiple table configurations of unlimited lengths.

Extension modules can be easily integrated to accommodate future workforce growth.

1200, 1400, 1600, 1800, 2000 mm

1200, 1400, 1600, 1800  
mm

## Discreet technology integration

Region is a completely cable managed office solution, with integrated horizontal cable trays disguising power units, and optional easy accessible table top units, ideal for touchdown.

Optional worktop accessories

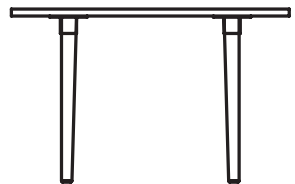

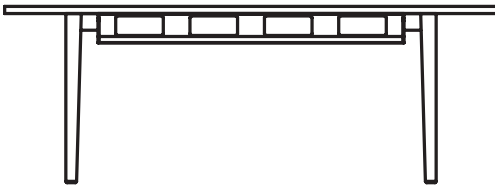

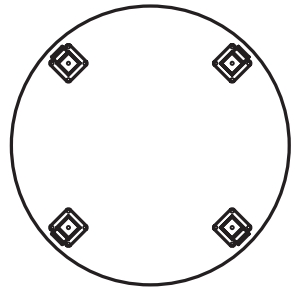

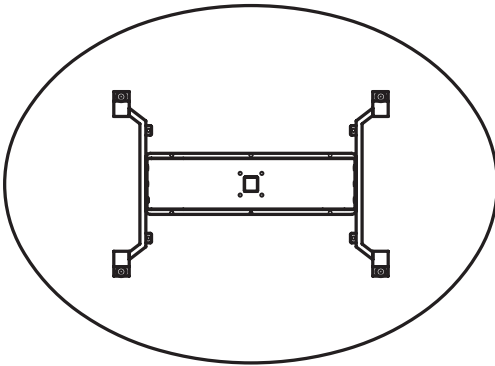

80 mm power and data units

wireless surface chargers

## Bespoke solutions

At Tangent, we understand that every organisation is unique, and may require custom solutions, to fulfil the varied demands of their work culture and the space they occupy.

Our talented in house design team has an established track record in developing bespoke solutions, to efficiently address the exact requirements of each project, focusing on functionality, style and budget.

## About Tangent

Tangent is a market leading British office furniture manufacturer serving companies across all market sectors.

We add value through innovative design that recognises the trends and developments in technology.

At Tangent our manufacturing heritage stretches back over 30 years. Today, our modern manufacturing facility located in Chalgrove, Oxfordshire extends to 75,000 square feet.

All our products are manufactured to the highest standards with rigorous ISO 9001 accredited quality control system in place.

We would like to hear from you. Whatever the size of your project or stage you are at in the design process we are here to help and advise.
